**Custom crafted barrels that actually meet standards which are set by the Craft Coopers Guild.  
Seasoned staves. Custom slow toast prior to charring (No “speed toasting”)  
Always toasted heads and organic reed and beeswax (no artificial accelerants or sealants)**

**Our barrels cost more for a reason. The adage “You get what you pay for” is 100% true! I will stand behind the quality of my air seasoned and slow toasted oak versus any macro produced kiln dried barrel. You WILL taste the difference.**

**A better barrel crafts a superior spirit!**
